

High School Maths 1073 - 1096

Maths PACEs 1073 – 1084 and 1085 - 1096 are two excellent high school maths courses. You can order these PACEs and their Score Keys from the E-STORE. However, it is important to note that the Score Keys contain the answers to all questions and activities, but do not provide worked solutions.

For this reason, booklets called *Solution Sets* have been created to assist with some of the maths questions in these courses. These *Solution Sets* contain worked solutions to some of the more challenging activities in these courses. We recommend that you purchase the *Solution Sets* in addition to the PACEs and Score Keys for these two courses.

Whilst the *Solutions Sets* do not provide worked solutions to all of the activities in the PACEs (space would not allow this), they do provide guidance for the most difficult activities. Thus, they may be of great assistance to your students.

Here are the ordering numbers for the Solution Sets

Maths 1073 - 1084	Maths 1085 - 1096
CEE406273	CEE406285
CEE406277	CEE406287
CEE406280	CEE406289
CEE406283	CEE406291
	CEE406293
